REQUEST FOR CORRECTED NOTICE OF ALLOWANCE

Sir:

Applicants received a Notice of Allowance and Fee(s) Due and a Notice of Allowability dated July 21, 2004, in the above-identified application. However, two matters need to be resolved before the application issues as a patent.

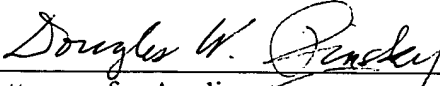

The Notice of Allowance incorrectly gives the original rather than the amended title. Specifically, the title should read --METHOD FOR MANUFACTURING LIQUID EJECTING HEAD--, as amended in the Amendment filed on March 8, 2004.

In addition, Applicants submitted a Substitute Specification on March 16, 2004, but have not received acknowledgment that the Substitute Specification has been approved.

Accordingly, issuance of a corrected Notice of Allowance indicating the correct title, as amended, as well as acknowledging approval of the Substitute Specification filed on March 16, 2004, is respectfully requested.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

Attorney for Applicants
